Dr Apurva Mayank

SENIOR RESIDENT

+91 9113395987 | Delhi-NCR | apurvamayank@gmail.com

Education:

Post Graduate Training:
(2020 – 2023)
MS Orthopaedics – Lady Hardinge Medical College, New Delhi

Under Graduate Training:
2012 – 2017
Bachelor of Medicine, Bachelor of Surgery, MBBS
Patna Medical College, Patna

High School – DAV Patna
Excelled in science subjects, building a strong base for a medical career.

Skills:

- Trauma Management
- Pediatric Care
- Fracture Fixation
- Surgical Precision
- Joint Replacement
- Patient Care
- Clinical Diagnosis
- Post-Operative Care
- Research Analysis
- Team Leadership

Achievements & Awards

🏆 1st Prize – Quiz competition at JESS for demonstrating a deep understanding of orthopaedic principles

Profile

Experienced Orthopaedic Surgeon with expertise in trauma care, fracture management, and pediatric orthopaedics. Skilled in performing complex surgical procedures, including joint replacements, fracture fixation, and spinal surgeries, while managing post-operative care. Research includes studies on fracture reduction and carpometacarpal joint dislocation, presented at national conferences. Strong leadership and clinical skills with a focus on mentoring junior residents and improving patient outcomes through collaborative care.

Employement History:

Senior Resident – Lady Hardinge Medical College, New Delhi (2023 – Present)

- Managing a wide range of orthopaedic cases, including trauma, congenital deformities, and complex fractures.
- Performing surgical procedures with precision and overseeing post-operative care.
- Guiding junior residents and medical students, enhancing their clinical knowledge and surgical skills.
- Ensuring comprehensive patient care from diagnosis to recovery.

Internship – Patna Medical College, Patna (2017 – 2018)

- Rotated through orthopaedics, internal medicine, and surgery departments.
- Gained hands-on experience in patient care, surgical assistance, and emergency response.
- Assisted in complex surgeries and provided post-operative care.

Research & Publications

- Conducted a detailed study on the outcomes of initial closed reduction and immobilisation in extra-articular displaced fractures of the distal end radius.
- Presented research findings at DOACON 2023, contributing to advancements in orthopaedic surgery.
- Awarded 1st prize in the quiz competition at JESS for demonstrating a deep understanding of orthopaedic principles.
- Published research on "Metacarpal Cascade Lines: Application and Reproducibility in the Diagnosis of Carpometacarpal Joint Dislocation in the Indian Population."
- Delivered a poster presentation on "Should we lock the intramedullary nail in intertrochanteric fracture? A meta-analysis and systematic review" at Mini IOACON Jaipur 2021.

Surgical Expertise

- Diagnose and treat a wide range of orthopaedic conditions, including fractures, joint injuries, and congenital musculoskeletal disorders.
- Perform surgical procedures such as joint replacements, arthroscopy, spinal surgery, and fracture fixation.
- Manage post-operative care, including rehabilitation and recovery plans.
- Collaborate with physical therapists and rehabilitation teams to ensure optimal patient outcomes.
- Maintain accurate patient records and comply with medical standards and protocols.

Clinical Expertise

- Proficient in trauma management, including acute injury care and fracture fixation.
- Expertise in pediatric orthopaedics, managing conditions like:
  Club Foot
  Developmental Dysplasia of the Hip (DDH)
  Septic Arthritis
- Skilled in performing closed reduction and immobilisation procedures.
- Strong research and analytical skills with a focus on improving surgical outcomes.
- Excellent communication and leadership abilities, mentoring junior residents and medical students.
- Experienced in medical documentation and patient record management.
