PROFESSIONAL SUMMARY

Dynamic Staff Nurse with extensive experience at Poona Hospital And Research Centre, excelling in medication administration and patient care planning. Proven ability to enhance patient outcomes through effective education and critical care expertise. Advocated for patient safety and implemented infection control measures, fostering a supportive environment for families and patients alike.

WORK HISTORY

Poona Hospital And Research Centre - Staff Nurse
Pune
11/2022 - 09/2025

- Administered medications via oral, IV, and intramuscular injections and monitored responses.
- Performed various nursing interventions such as wound dressing, vital sign monitoring, and specimen collection.
- Implemented medication and IV administration, catheter insertion, and airway management.
- Assisted physicians with diagnostic procedures, ensuring accurate results for optimal treatment planning.
- Directed patient care by initiating and following through with plan of care, continuing care, and discharge instructions.
- Monitored patients' conditions and reported changes in physical presentation, appearance, and behavior to discuss treatment with physicians.
- Educated patients on self-care management, empowering them to take an active role in their overall health and wellbeing.
- Managed complex wound care, utilizing advanced techniques to promote healing and prevent infection.
- Documented treatments delivered, medications and IVs administered, discharge instructions, and follow-up care.
- Collaborated with leadership to devise initiatives for improving nursing satisfaction, retention and morale.
- Used first-hand knowledge and clinical expertise to advocate for patients under care and enacted prescribed treatment strategies.
- Led teams in driving successful patient outcomes by prioritizing standard of care and best practices.
