3	RGNM	2017	Pune	78%

Professional Experience

- **Sasoon Hospital, Pune**
  Position: Research Nurse (Clinical Trial Unit)
  Duration: 2017 – Present

Key Responsibilities:

1. **Clinical Trial Management:** Overseeing all aspects of clinical trials, from patient recruitment and screening to data collection and documentation, ensuring that all processes comply with the study protocols and regulatory requirements.
2. **Multidisciplinary Coordination:** Collaborating closely with a diverse team of healthcare professionals, including physicians, researchers, and administrative

staff, to maintain seamless communication and coordination, thereby ensuring the smooth operation of trials.

3. **Patient Care:** Providing comprehensive care to patients participating in trials, with a focus on ensuring their safety, well-being, and adherence to the study protocols throughout the trial period.
4. **Accurate Documentation:** Maintaining meticulous records, including source documents and other essential documentation, to ensure data integrity and compliance with Good Clinical Practice (GCP) standards.
5. **Follow-up and Monitoring:** Conducting regular follow-ups with patients to monitor their progress, address any concerns, and document outcomes as required by the trial protocol.
6. **Outcome Analysis and Collaboration:** Collaborating with physicians and researchers to discuss clinical trial outcomes, share insights, and contribute to the development and refinement of study methodologies to improve trial effectiveness.

➢ Surya Mother and Child Care Hospital, Pune

Position: PICU/NICU Nurse
Duration: 2016-2017
Key Responsibilities:

1. **Specialized Neonatal and Infant Care:** Provided critical care to neonates and infants in the NICU/PICU, ensuring the highest standards of treatment and monitoring for vulnerable patients.
2. **Medical Administration and Equipment Management:** Skillfully administered medications, managed ventilators, and closely monitored patients' vital signs to ensure their stability and well-being.
3. **Family Support and Education:** Offered compassionate emotional support to families, guiding them through the complexities of their child's condition and educating them on necessary care practices.
4. **Infection Control:** Maintained rigorous infection control protocols to safeguard the health of patients and prevent hospital-acquired infections.
5. **Interdisciplinary Collaboration:** Worked closely with pediatricians and other healthcare professionals to develop and implement comprehensive patient care plans tailored to each child's needs.

➢ Sharad Accident Hospital, Pune

Position: Nurse
Duration: November 2015 – Present
Key Responsibilities:

1. **Emergency Care Delivery:** Provide immediate and efficient care to patients in critical condition, ensuring timely interventions to stabilize them and manage life-threatening situations.
2. **Assistance in Surgical Procedures:** Support surgeons during various operations, maintaining a sterile environment and ensuring that all necessary instruments and supplies are available.
3. **Post-Operative Care:** Monitor patients closely after surgery, managing pain, preventing complications, and ensuring proper healing through regular assessments and care.
4. **Patient Admissions and Discharges:** Handle the admission process for new patients, collect medical histories, and ensure that discharges are smooth, with clear instructions for continued care at home.
5. **Patient Monitoring and Communication:** Track patient progress, monitor vital signs, and communicate updates effectively to doctors and family members, providing reassurance and clarity during the recovery process.

➢ Pulse Multispecialty Hospital, Pune

Position: Nurse
Duration: 1 Year
Key Responsibilities:

- **Comprehensive Patient Care:** Provided holistic nursing care to patients across various departments, ensuring that each patient's physical, emotional, and psychological needs were met.

- **Medical Assistance:** Assisted in various medical procedures, including dressing changes, wound care, and the administration of medications, ensuring adherence to medical protocols and patient safety standards.

- **Multidisciplinary Collaboration:** Worked closely with a team of doctors, specialists, and other healthcare professionals to develop and implement personalized care plans aimed at optimizing patient outcomes and recovery.

- **Accurate Record-Keeping:** Maintained detailed and accurate patient records, including treatment plans, progress notes, and medication logs, and ensured timely communication and reporting to senior medical staff.

Certifications and Training

1. **Certified Quality Management Professional (CQMP):**
   This certification reflects a strong understanding of quality management principles, including continuous improvement, process management, and compliance with industry standards. It indicates a commitment to maintaining high-quality standards in healthcare and clinical research environments.
2. **Source and Essential Documents Management:**
   Training in this area ensures that Ravina is proficient in handling, organizing, and maintaining critical clinical trial documents. This includes ensuring the accuracy and integrity of documents essential to the conduct and compliance of clinical trials.
3. **Monitoring 101 Training Certificates:**
   This training provides foundational knowledge in monitoring clinical trials, including patient safety, data integrity, and adherence to study protocols. It equips Ravina with the skills necessary to oversee the progress of clinical trials effectively and ensure that they meet regulatory and ethical standards.

Skills

- **Clinical Research Management:** Expertise in managing clinical trials, adhering to protocols, and ensuring patient safety.
- **Patient Care:** Strong ability to deliver compassionate and comprehensive care to patients in various settings.
- **Teamwork:** Proven effectiveness in working within multidisciplinary teams and leading nursing staff.
- **Complaint Handling:** Skilled in addressing and resolving patient and family concerns with empathy and professionalism.
